# About Us.

## Aara Enterprises

Aara Group, founded by Mr. Rajasekar in 2021, began its journey with Aara Agro Developers, supplying high-quality indoor plants to promote green living and eco-conscious lifestyles.

In 2022, we expanded our horizons with the launch of Aara Machinery, offering a wide range of construction equipment including hollow block machines, paver block machines, and fly ash brick machines. We are proud to serve as a one-stop solution for modern construction needs.

That same year, we ventured into the real estate sector, bringing innovation and trust to every project we handle.

In 2024, we proudly introduced Aara Bags from Thrissur, Kerala — a stylish and sustainable collection that quickly gained popularity and continues to thrive in the market.

By December 2024, we launched Aara Furniture with a full-fledged manufacturing unit located in Idigarai, Coimbatore, and a beautiful showroom in Vinayakapuram. We design and manufacture elegant and durable furniture including tables, wardrobes, cots, and dressing tables — all crafted with a commitment to quality and creativity.

In 2025, we took a bold step into the creative industry with the launch of Masanai Productions, our film production company. Our first project, titled "Vanam", is currently in progress, marking our exciting entry into the world of cinema.

From plants to machines, bags to buildings, and furniture to fashion, Aara Group continues to grow with innovation, integrity, and excellence at its core.

# AARA FURNITURES

# PREMIUM TEAK BED

AARA NEW EDITION

## King Sized Bed

Teak Finish Premium Wooden Bed - A stylish and durable queen-size bed (approx. 6.5 ft x 5 ft) with a rich teak wood finish and polished surface. It features elegant hand-carved designs, a strong engineered wood frame, and water-resistant coating. Easy to assemble and made with eco-friendly materials, it's perfect for both modern and traditional bedrooms.

## Royal Peacock Teak Wood Bed

This elegant queen-size bed (approx. 6.5 ft x 5 ft) features beautifully hand-carved peacock motifs with a rich teak wood finish and polished shine. Crafted for strength and style, it offers water-resistant durability, termite resistance, and a smooth finish perfect for premium bedroom decor.

# PREMIUM TEAK BED

## AARA NEW EDITION

### Classic Heart Design

Crafted in high-quality teak wood, this queen-size bed (approx. 6.5 ft x 5 ft) features a timeless carved heart motif on both headboard and footboard. With a smooth polished finish, durable build, and termite resistance, it's a perfect blend of strength and elegance for any modern home.

### Diamond Pattern Bed

This beautifully handcrafted teak wood bed (approx. 6.5 ft x 5 ft) showcases a unique diamond motif on both the headboard and footboard. Featuring a striking striped wood grain finish, it offers excellent durability, termite resistance, and a modern touch of class to any bedroom.
